Idea, Goal, Concept, Style

Idea – A couple months ago, my cousin gave his dog a sip of coffee. Coffee is like poison for dogs (and cats), but he did not know that. After telling him about the danger of coffee, he was worried that his dog would die or get sick. From this incident, I realized that some people are not aware of the foods that are dangerous to animals.

Goal – The goal of this game is to inform people some of the foods that are hazardous towards cats.

Concept – Stage 1 & 2

Style – Shooting / Avoiding Game
